

# Nature Discovery Trail

## How to do the trail

- Follow the red trail around the lake to the right, looking for the QR codes on the wooden posts.
- Use your Smartphone to scan the code and discover amazing facts about the wildlife and landscape.

## How to scan a QR Code

- You must have a web-enabled, smart phone (one that can access the internet and has a camera function)
- Go to your phone's app store and search for *QR readers*. Download one of your choice.
- Once you've download it, get scanning! Open up the reader and point your phone's camera at the QR code to start the trail.

## Please tell us what you thought

*When you have finished the trail, scan this QR code to give us your feedback*
