

Education and Engagement Volunteer (Bucks)

The Berks, Bucks and Oxon Wildlife Trust (BBOWT) is a membership-based voluntary organisation, managing 90 nature reserves, influencing land management and educating and encouraging all sectors of the community to care for local wildlife.

The team at College Lake would like to recruit some enthusiastic volunteers to join us and help support the delivery of our thriving education work. We would love to meet you if you have a passion for nature and wildlife, and particularly enjoy sharing your interests with children.

Based at College Lake, our flagship nature reserve and education centre, you will experience first hand our varied and exciting people engagement programme. There will be opportunities to assist with our primary school days and Nature Tots sessions.

This unpaid voluntary role is a great way for you to develop and/or continue to use your skills in the education field, build experience in engaging with children in an outdoor setting and inspire the next generation on our beautiful nature reserve.

Relevant experience is desirable but not essential. Please see our Volunteer Role Description.

Volunteer opportunities are usually during the week (Mon-Fri) and commitment is flexible and depends upon your availability.

If you are interested in joining us, please call the Education Team at College Lake on 01442 826774 or email collegelakeeducation@bbowt.org.uk, tell us a little more about yourself and why you'd like to be involved.

Additionally we are holding an informal 'Meet the Team' day for prospective volunteers on Weds 7th February 2018. We'd love to meet you, tell you more about what we do and show you the site. Please get in touch beforehand if you are able to come along.

We are an equal opportunities employer and welcome applications from all sections of the community.
