

## Site Risk Assessment Record

<b>Location:</b> <b>Swains Wood</b>	<b>Date of assessment:</b> 09/06//2017		<b>Nearest postcode:</b> RG9 6LF (see directions below)	<b>Main entrance OS Grid Ref:</b> SU 740 923
<b>Hazards/hazardous events</b>	<b>Who is affected?</b>	<b>Typical outcome</b>	<b>Precautions</b>	<b>Risk Level LxH=RL</b>
Uneven ground due to roots, stones, holes and muddy paths causing slips, trips or falls. Danger of slipping on steep slopes.	Public. BBOWT workers	Bruises, sprains, minor cuts and grazes.	Maintain path surface. Assess danger points and either re-route path or build steps	<b>Slight</b>
Grassland: Unusually uneven ground with anthills, concealed stumps and rabbit holes frequent.	Public. BBOWT workers	Bruises, sprains, minor cuts and grazes.	Anyone leading a visitor, group or work party onto site should mention this hazard and request that people watch where they put their feet and don't run around. Be aware of anyone with extra vulnerability, e.g. infirmity leading to poor balance, or children who like to run around.	<b>Slight</b>
Thorny bushes along paths and in work areas.	Public. BBOWT workers	Cuts and grazes. Infections. Puncture wounds, eye damage.	Ensure paths are kept clear. Provide appropriate personal protective equipment if working in thorny area (refer to task risk assessment).	<b>Slight</b>
Deer stalkers on close to site.	Public. BBOWT workers	Gunshot injury.	Good liaison between Trust staff and stalkers. All stalking should only be taking place outside of the BBOWT leased area.	<b>Moderate</b>

	Slight harm	Harmful	Very harmful
Unlikely	Trivial	Slight	Moderate
Likely	Slight	Moderate	Substantial
Very likely	Moderate	Substantial	Intolerable

Falling dead wood in the form of either branches or trees.	Public. BBOWT workers	Head injuries, broken limbs, cuts and bruises.	Conform to COP 31 and carry out tree safety assessments and remedial work required. Areas used/worked in are to be checked for dangerous trees. No work should be carried out in high winds.	<b>Moderate</b>
Irritable and poisonous plants such as bracken, berries and fungi.	Public. BBOWT workers	Spores are carcinogenic. Poisoning from ingestion.	Do not work in bracken infested areas in July/August/September. Do not eat fungi, berries or other plant material. Wash hands after handling such material.	<b>Slight</b>
Dog faeces.	Public. BBOWT workers	Stomach upset from bacteria in faeces. Toxocarias (an infection of the round worm <i>Toxocara cani</i> ). Young children are at particular risk due to their weaker immune systems and greater chance of exposure.	Wear gloves if likely to come in contact with faeces. Wash hands before eating.	<b>Slight</b>
Sun exposure.	Public. BBOWT workers	Dehydration and sunburn.	Use sun cream, drink plenty of fluids and protect skin by covering with light clothing.	<b>Slight</b>
High risk trees.	Public. BBOWT workers	Head injuries, broken limbs, cuts and bruises, or other serious injury.	Assessment of areas of high risk to be carried out yearly and recorded. Consult record sheet to check for dangerous trees in work area.	<b>Moderate</b>

	Slight harm	Harmful	Very harmful
Unlikely	Trivial	Slight	Moderate
Likely	Slight	Moderate	Substantial
Very likely	Moderate	Substantial	Intolerable

<b>Nearest telephone (landline):</b> Northend	<b>Emergency telephone number:</b> 999 or 112	<b>Access point/route for emergency services from road:</b>  1 mile to the east of Northend, heading on Holloway Lane towards Turville. Follow the road until it enters an area with woodland on each side. The entrance to the reserve is through a barrier on the right. (Key required to open the barrier). Follow path along right hand fence line down slope to reserve entrance gate.  Postcode directs to Northend.	
<b>Nearest A&amp;E department:</b>  <b>Minor Injury: High Wycombe Hospital</b> , Queens Alexandra Road, High Wycombe, Bucks, HP11 2TT  Tel: 01494 526161 <b>11 miles</b> <b>Major Injury: Royal Berkshire Hospital</b> , London Road, Reading, Berkshire, RG1 5AN  Tel: 0118 322 5111 <b>16 miles</b>	<b>Type of access for emergency services:</b>  Pedestrian   AIR		
<b>Assessment undertaken by:</b> Stacey Hewitt	<b>Position:</b> Reserves Officer Bucks	<b>Manager confirming assessment:</b> Mark Vallance	<b>Date for revision:</b> 17/3/2019

Work identified from site risk assessment	By whom	Date completed
Carry out tree safety assessments	Reserves staff	annual
Ensure safety notices are posted (livestock grazing, tree work, path works, contractors machinery present)	Reserves staff/ contractors	
Task/work party leaders convey relevant information to participants	Reserves staff/Volunteer Reserve Warden/leader	

	Slight harm	Harmful	Very harmful
Unlikely	Trivial	Slight	Moderate
Likely	Slight	Moderate	Substantial
Very likely	Moderate	Substantial	Intolerable

	Slight harm	Harmful	Very harmful
Unlikely	Trivial	Slight	Moderate
Likely	Slight	Moderate	Substantial
Very likely	Moderate	Substantial	Intolerable

This checklist is designed to assist in the production of Site Risk Assessments. For those hazards present, more specific information should be provided, e.g. location within site and precautions required entered on SRA form. **This list is not comprehensive. Map is located in reserves office.**

No.	Risk	Present		Recorded on map
1	Steep slopes and banks	yes	no	1
2	Drowning risk – deep water [pools, streams, rivers]	yes	no	
3	Fall hazards – rock outcrops, buildings, building foundations	yes	no	
4	Areas liable to flooding	yes	no	
5	Areas of permanent soft ground	yes	no	
6	Areas of soft ground following rain	yes	no	
7	Uneven path / track surfaces	yes	no	All
8	Uneven ground	yes	no	All
9	Remote areas	yes	no	All
10	Dry weather fire hazard – heath, scrub, grass	yes	no	
11	Sun exposure – poor shade - burn / dehydration	yes	no	
12	Site used for walking [Inc dogs]	yes	no	
13	Children playing	yes	no	
14	Site used for horse riding	yes	no	
15	Site users include people with mobility problems	yes	no	
16	Site history of abuse [drunks, vandals, drugs, needle stick injury]	yes	no	
17	Site history of staff and/or volunteer intimidation	yes	no	
18	Fly-tipping	yes	no	
19	Unauthorised and/or authorised shooting [i.e. poaching/stalking]	yes	no	Woodland block
20	Unauthorised vehicles [cars and motorbikes]	yes	no	
21	Difficult or restricted access / egress [esp. for heavy plant]	yes	no	All
22	Authorised vehicles	yes	no	
23	Areas inaccessible to vehicles	yes	no	Grassland slope
24	Former landfill site	yes	no	
25	Proximity to public highway	yes	no	2
26	Proximity to Public Rights of Way	yes	no	3
27	Overhead service lines	yes	no	
28	Underground service lines	yes	no	
29	Barbed wire	yes	no	All
30	Personal hygiene facilities	yes	no	
31	Poisoning from blue / green algae	yes	no	
32	Exposure to bracken [ carcinogenic spores] (see CoP 15)	yes	no	4
33	Puncture wounds [blackthorn / hawthorn]	yes	no	All
34	Wild parsnip burns	yes	no	4
35	Giant hogweed burns (see CoP 15)	yes	no	
36	Poisonous berries	yes	no	Woodland
37	Poisonous fungi	yes	no	Woodland
38	Standing dead wood	yes	no	Woodland
39	Risk of Weils' disease (see CoP 15)	yes	no	
40	Site known for wasps	yes	no	
41	Site known for bees	yes	no	
42	Site known for hornets	yes	no	
43	Site known for adders	yes	no	
44	Site known for stray dogs	yes	no	
45	Site known for ticks [Lyme disease] (see CoP 15)	yes	no	All
46	Site known for allergens [pollen / spores]	yes	no	
47	Injury to pregnancy – exposure to lambs [listeria, chlamydia]	yes	no

Very likely	Moderate	Substantial	Intolerable

This map shows a green area labeled 'Swain's Wood' enclosed by a red boundary. A yellow path, labeled 'HOLLOWAY LANE', runs diagonally across the top right. A black line with arrows and the label '(2+3)' indicates a specific path or boundary section. Handwritten labels include 'Main Entrance' at the top right and 'Entrance' at the bottom center. Elevation points are marked as '191m' and '188m'. The text 'Swain's Wood' is repeated in several locations. A blue horizontal line and a blue vertical line intersect within the map area. To the right, a small inset shows a building complex with the number '126' nearby.
