Site Risk Assessment Record

Location: Warburg Nature Reserve, Bix Bottom, Henley-on-Thames RG9 6BL	Date of assessment: 31/03/2017		Nearest postcode: RG9 6BL	Main entrance OS Grid Ref: SU720879
Hazards/hazardous events	Who is affected?	Typical outcome	Precautions	Risk Level LxH=RL
Distance from nearest help, should an incident occur, due to the size and remoteness of the site.	Public BBOWT workers	Deterioration of casualty's condition due to time taken for emergency services to arrive.	Observe the lone working policy. Carry a fully charged mobile. Carry a 2 way radio. Fill in the movements board marked with your intended location.	moderate
Uneven ground due to roots, stones, holes and muddy paths causing slips, trips or falls.	Public. BBOWT workers	Bruises, sprains, minor cuts and grazes.	Maintain path surface.	moderate
Thorny bushes along paths and in work areas.	Public. BBOWT workers	Cuts and grazes. Infections. Puncture wounds, eye damage.	Ensure paths are kept clear. Provide safety glasses if working in thorny area.	slight
Horses. A number of bridleways cross reserves – possibility of horses being startfred causing injury to rider or bystanders	Public. BBOWT workers	Head injuries to the rider, from falling off. Injury to passer by from horse kicking.	Put up suitable signs when work is being done. Be aware of danger when on walking on bridleways.	slight
Livestock, in particular cattle, kicking or trampling	Public. BBOWT workers	Head injuries, broken limbs, cuts and bruises.	Signs warning of stock grazing should be in place.	slight
Electric fences	Public. BBOWT workers	Pain	Warning signs must be in place at each place a fence is first encountered from a public path and at regular intervals along it's length	slight

Unlikely
Likely
Very likely

Slight harm	Harmful	Very harmful
Trivial	Slight	Moderate
Slight	Moderate	Substantial
Moderate	Substantial	Intolerable

Falling dead wood in the form of either branches or trees.	Public. BBOWT workers	Head injuries, broken limbs, cuts and bruises.	Conform to COP 31 and carry out tree safety assessments and remedial work required. Areas used/worked in are to be checked for dangerous trees. No work should be carried out in high winds.	moderate
Irritable and poisonous plants such as bracken, berries and fungi.	Public. BBOWT workers	Bracken spores are carcinogenic. Poisoning from ingestion.	Do not work in bracken infested areas in July/August/September. Do not eat fungi, berries or other plant material. Wash hands after handling such material.	moderate
Stings from bees, wasps or hornets.	Public BBOWT workers	Allergic reaction to stings.	Be aware of any nests close by and do not get too close. All volunteers / staff should declare any known allergic reactions.	slight
Bite from adder	Public BBOWT workers	Pain & swelling, sometimes localised paralysis around bite	Discourage public from looking for adders. Wear boots if walking in likely areas. Wear gloves if lifting tins.	slight

Slight harm	Harmful	Very harmful
Trivial	Slight	Moderate
Slight	Moderate	Substantial
Moderate	Substantial	Intolerable

Dog faeces.	Public. BBOWT workers	Stomach upset from bacteria in faeces. Toxocarias (an infection of the round worm Toxocara cani). Young children are at particular risk due to their weaker immune systems and greater chance of exposure.	Wear gloves if likely to come in contact with faeces. Wash hands before eating or drinking.	slight
Litter/flytipping.	Public. BBOWT workers	Cuts, infections.	Use gloves/litterpickers when collecting rubbish and strong bags. Do not overfill. Contact staff if needles or syringes found, for advice on disposal in sharps containers.	slight
Ponds.	Public. BBOWT workers	Drowning.	Access to water bodies to be discouraged. Route path away from edge of water body.	slight
Contact with water.	Public. BBOWT workers	Weil's disease (Leptospirosis).	Cover cuts and abrasions and wash hands after contact with water. If flu like symptoms develop within 3-19 days after contact with water visit doctor and inform of the possibility of Weils' disease.	slight

Slight harm	Harmful	Very harmful
Trivial	Slight	Moderate
Slight	Moderate	Substantial
Moderate	Substantial	Intolerable

Ticks	Public. BBOWT workers	Lyme's disease	Cover legs and tuck trousers in if walking through long grass, bracken etc. Check for ticks and watch for circular rash.	slight
Hogweed & wild parsnip	Public. BBOWT workers	Blisters from a photosensitive skin reaction.	Avoid contact with plant especially when cutting. Wear gloves. Keep paths clear of the plant.	slight
Overhead service lines.	Public. BBOWT workers	Electrocution.	Inform workers of the presence of overhead service lines.	moderate
Underground service lines.	BBOWT workers.	Electrocution.	Inform workers of the presence of underground service lines.	moderate
Public highway.	Public. BBOWT workers	Injuries sustained from an impact with a vehicle or bicycle.	Staff must drive at walking pace past bottom of visitor centre steps. Care when stepping off steps. Care needed exiting Freedom Paddock entrance in a vehicle. Always reverse in and forwards out. Care needed on Hatch Lane for bicycles coming fast down hill	moderate
Sun exposure.	Public. BBOWT workers	Dehydration and sunburn.	Use sun cream, drink plenty of fluids and protect skin by covering with light clothing.	slight
Exposure to cold & wet conditions	Public. BBOWT workers	Hypothermia.	Wear appropriate clothing. Take hot drink.	slight
