

Volunteer Role Outline

Role title:
Conservation Volunteer with 'West Berkshire Living Landscape Volunteers' (WBLLV)
Based at location <i>No disabled access available</i>
A variety of Reserves at which you'll be asked to meet. The main locations are: <ul style="list-style-type: none"> • Greenham and Crookham Commons • Snelsmore Common • Thatcham Reedbeds • Bowdown Woods <p>With occasional visits to:</p> <ul style="list-style-type: none"> • Seven Barrows • Avery Pightle • Kintbury Newt Ponds • Watts Bank • Audrey's Meadow
Purpose of the role:
Working on a variety of habitats including wetland, heathland, ancient woodland and meadows, you'll assist the BBOWT reserves staff in the practical habitat and infrastructure management of the reserves to maintain and improve them for wildlife and people
Type of work you will be involved in:
This will be a physical and practical, hands on role, working with the regular weekly group. The seasonal work will involve habitat management like scrub cutting, meadow raking and reedbed clearance in the autumn and winter and infrastructure tasks like path repairs, clearance and other maintenance during the spring and summer.
Experience &/or qualifications needed:
No experience necessary but enthusiasm and ability to work as part of a friendly team essential.
Times/days we would like you to be available <i>(flexibility is often possible):</i>
Every Wednesday 10.00 – 4.00, occasional other requirements.

Benefits to volunteer & possible training opportunities:
<ul style="list-style-type: none"> • Opportunity to gain experience in a range of tools and techniques • Learn skills in conservation habitat management. • Gain a better understanding of the local flora and fauna in the diverse habitats of the West Berkshire reserves • To enjoy the fresh air and to help keep fit • Meet and chat to other like-minded people
