

Volunteer Role Description

Role title
College Lake Cornfield Flower Nursery Volunteer
Based at location
College Lake, Upper Icknield Way, Bulbourne, Tring, Herts, HP23 5QG
Purpose of the role
<p>This role is part of the cornfield flower nursery group, maintaining and developing our cornfield flower meadows, nursery and seed bank. The cornfield flower meadow project, also known as arable weeds, has been running for 40 years and helps to conserve these rare plants from going extinct.</p> <p>The nursery has raised benches with plant boxes to make the gardening easier, there is a garden shed and a greenhouse to assist with growing plants and storing seed. The group is most active in the spring and summer months, collecting seeds from the plants which have flowered that year, and watering the nursery and meadows during dry spells. In November and December, they clean and sort the seeds ready for sowing. Each year, the arable weeds are planted alongside heritage wheat in a cornfield at College Lake and in a one-hectare arable weed meadow at the top end of the reserve.</p>
Type of work in which you will be involved
<p>Undertaking varied management tasks, including:</p> <ul style="list-style-type: none"> • Seed harvesting • Propagating plants from seed, division, growing and caring for plants • Bed maintenance and watering • Weeding • There are also opportunities to be involved in visitor engagement roles such as nursery open days or events.
Experience and skills required
<p>No experience necessary, but enthusiasm and patience are important. If you have gardening, or horticultural knowledge that is always useful, but a reasonable level of fitness and enthusiasm for being outdoors is as important.</p>

Suitable for Under 18s
