

What will happen on my day at College Lake?

Hello! When arriving at our lovely site you will be greeted by  
Susannah, our learning officer.

She will lead you to our centre and explain all you will need to know about your day, including showing you where the toilets are and where you will have lunch.

During your visit you may be exploring our woodland, looking at our lake or wildlife pond...

... or going for a walk spotting nature features and animals.

You will have lunch at our beautiful education centre called 'the Barn', either at the picnic areas or in the building if raining or cold.

**We can't wait to meet you and hope that you have a lovely day with us.**
